Allowable Subject Matter

2. Claims 3, 5, 6, 8-14, 16-19, 21-26, 28-30, 32-36, 45, 47, 48, 50-56, 58, 60, 61, and 63-68 are allowed.

The following is an examiner's statement of reasons for allowance:

In considering claims 11, 35, and 53, the prior art of record fails to disclose or render obvious all of the limitations of the claim. More specifically, the prior art of record does not disclose or render obvious a method, server, or machine readable medium for operating a peripheral device, including the claimed steps of image rendering, coupled with the claimed compression and transmission step, and further including the steps of processing an instruction related to the image via the port of the remote device, as claimed and as enabled in the specification.

Claims 24 and 66 contain similar limitations as claims 11, 35, and 53, but use a slightly different rendering technique. For similar reasons as claims 11, 35, and 53, these claims are also not disclosed or rendered obvious by the prior art of record.

All remaining claims depend from these five independent claims, and are thus allowable for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
